

GEORGIA WALL. PRODUCER

Born and raised in London, I found my way into production at 20 after initially thinking I wanted to be in front of the camera. One job as a runner put an end to that. I spent the next 4 years in-house at a small independent production company, working my way through the ranks before going freelance in 2018. Since then, I've gone from PM to Producer, working across commercials, social, stills, short-form docs and live events. Long may the fun continue.

Countries worked in: Belgium, Brazil, Canada, Dubai, France, Germany, Italy, Malta, Mexico, Portugal, Romania, Spain, USA
